

24<sup>th</sup> – 27<sup>th</sup> November 2016

INFO I

## Ceremonial start and other novelties in Fronteira

Automóvel Club de Portugal will bring some novelties to the 19<sup>th</sup> edition of the event and it is a great satisfaction to announce our newest partner associated to the event. It is the company “AFN 4x4 accessories”, who will give the name to the event.

### AFN 24 Horas TT - Vila de Fronteira 2016

In addition to the AFN, we also have a new partnership with a fuel company, Rede Energia, creating more favourable conditions for the participants.

On the 24<sup>th</sup> November (Thursday) from 9.30 pm on there will be a Ceremonial Start at the streets of Fronteira, presenting the competing crews to the inhabitants and public.

ACP and the Municipality of Fronteira will prepare a celebration, including autograph session and parc fermé at the Gardens of the Atoleiros Museum.

On Friday, the 25<sup>th</sup> the qualifying session will be held in a prologue format, i.e. the competitors perform a single lap of the circuit, starting one by one every minute.

The traditional free practice will remain, as defined in the programme.

A start list with the time and start order will be published as per the programme.

For security reasons, we will put into each car a GPS/GSM tracking equipment, which identifies and locates vehicles in the circuit, thus making any intervention on behalf of the Organization in the event of an accident or stop much faster. Another possibility is the speed control, especially in the pits and during the overtaking between yellow flags.

On the other hand, this equipment allows also the teams to follow the vehicles by computer with Internet access. We do believe it is will bring an added value to the security of the race and consequently for a more effective monitoring by the teams.

We hope to count with the presence of the usual numerous foreign and Portuguese teams. The limitations in terms of space remains the same: a maximum number of 90 competitors.

## Programme
